Plumpness Makes Health. Thin People Hood This.

If you are too thin; if you are pale and sallow; if what you eat seems not to strengthen you; if your lips and cheeks are colorless; if because your blood is deficient in red corpuscles and disease can easily overcome you; as you have no reserve strength or nourishment to uphold you.

A pharmaceutical product, called a strain hypo-nutrient tablets, is much prescribed for these conditions, and it taken for several months, rapidly increases weight and improves the color. Buy in sealed package of any well stocked apothecary shop.—Adv.

"Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. In England I heard of the virtues of mercurochrome, my first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercurochrome wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems to absorb the impurities of the worn-out cuticle, when a brighter, healthier, younger-looking skin appears. "For the wrinkles and enlarged pores I began using a solution of powdered waxite and zinc dissolved in a half-pint of witch hazel. Rubbing the face in this every day for a while soon relieved the condition most wonderfully."—Adv.

Mr. Richmond Douglas, son of Mr. and Mrs. Clarence Douglas, formerly of Topeka, now of Shanghai, China, has received the honor of being chosen one of the six men in the senior class of Cornell university to be a member of the honorary senior society. The six best all round men are annually chosen for membership in this society. Not only does scholarship count but athletics and general activities. Mr. Douglas also led his class in scholarship. His mother was formerly Miss Josie Oliver and a member of one of the old Topeka families.

Mr. and Mrs. Wm. McArthur celebrated their twenty-fifth wedding anniversary on Saturday, March 27, at their home, 1341 Garfield avenue. In the afternoon they received friends and relatives from out of town. Miss Grace Lindemuth sang several numbers. Light refreshments were served in the dining room.

In the evening a large number of friends called. Mr. and Mrs. Howard Seale and Miss Rayma Brownlee sang several numbers. Dean Stearns assisted at the piano. Many beautiful and useful gifts were received by the happy couple. Mrs. McArthur wore a blue satin gown the color of her wedding dress. Her corsage was of pink sweet peas and white roses. The young ladies assisting were Misses Verna Wise, Mary Todd, Ruth Loomis and Marian McArthur.

Two girls together, talking far into the night, then a third taken into their confidence, a fourth, a fifth and a constitution and service drawn up, more consulted and much getting together in unobserved, unhearing places, and lo, one day there blooms forth a full fledged sorority, pin, policy and everything! But it does not spring up so suddenly as it might appear. It is a plant with deep roots that go into late night councils and early heated discussions. Five times at Washburn college have a group of enthusiastic, progressive girls gotten together and there was born a new sorority. Beta first, then only a little later Sigma Delta Psi, not so many years ago Kappa Kappa Chi and Sigma Alpha Iota, and now—Pi Beta Tau.

Sigma Delta Psi has almost forgotten its original name so concerned is it now with Theta and the Betas are now a matter of history, having been Alpha Phi for five years. Sigma Alpha Iota didn't wait long for their charter. Kappa Chi is still petitioning some national and the new little fledgling sorority already has its eye on a national charter. Pi Beta Tau held its first meeting last evening on the regular fraternity meeting night and the wheels of secret organization actually began to turn. The pins have been ordered and the girls will petition the student council for social dates before they are a day older. The pin is in the air and the new little fledgling sorority has the penicillin face between the perpendicular bars of the letter. The letters Beta Tau are engraved on the top of the pins. The pledge pins are small sphinxes. Their colors are gold and white.

The following girls are identified with the new sorority: Miss Esther Colvin, president; Miss Verna Wise, Miss Louise Herrick, treasurer; Miss Lillian Boon, vice president; Miss Madeline Merritt; Miss Marguerite McDonald, secretary; Miss Wilma Trull, Miss Grace O'Leary, Miss Nettie

ACCORDIAN PLEATS VOGUE FOR SPRING

The one-piece frock, though not popular as last season, is still shown in many charming styles. Here is one, which bids fair to be popular. It features accordian pleats, a metal thread embroidery and a narrow leather belt.

Plaff, Miss Marian McArthur, Miss Eva McCluskey, Miss Helen Steele, Miss Grace Ellington, Miss Josephine Merritt, Patronesses are Mrs. W. D. Storrs, Mrs. Horace Gunthorpe and Miss Kittie Moore. For several years there has been a growing conviction in Washburn college that there was room for another good sorority. Talk of organizing one has buzzed for a time and then died down, for it is no small undertaking to launch such an undertaking. But there has been more good material than the four existing sororities could accommodate. This new sorority came into existence at an auspicious time and if they have a roof of their own next year, there can be no doubt of their success in obtaining a charter from some strong national sorority before many years. The charter members are all progressive, active girls, popular and prominent in school affairs.

The Flower Show association will hold their regular meeting at the Y. W. C. A. Wednesday evening at 8 o'clock. "Flower Gardens" will be the subject of the talk, which will be illustrated with colored slides. The public is welcome at this time. Hence, his frantic pawing.

ANNE LAURIE ANSWERS

Dear Annie Laurie:

Have received a letter that's a mystery. This being leap year may account for it. It was mailed at a town four miles west of where I used to live, or rather was reared, but have been away from the old town for about five years but have visited it off and on since.

There isn't anything that gives me any idea of who the girl may be as I never kept company with any until after returning from the army and that has been only two, but I lent either one of their handwriting. I know of no girl in this town in which the letter was mailed. I am asking advice how I may find out who she can be. It's all very true, but I can't say yes nor I can't say no. That's the mystery.

A MYSTERY TO SOLVE.

A Mystery to Solve: It is someone trying to have a little fun with you. Maybe some boy friends.
